

German language training & internship

About us

We offer language courses for teenagers and adults from all over the world since 1991. Our school is located in the heart of the historical city of Lindau and has a spectacular view of the harbor at the lake of Constance and the alps.

Experience in the field of Work & Study

In our Work & Study program we have arranged internships with prestigious partner companies in Lindau and the near areas for more than 20 years. Because of the long-time and wide-ranged experience from our side and our huge network of receptive and qualified companies in all kind of industries on the other hand, this is one of our strongest programs in our company.

Variety

Besides the exchange of contentual knowledge and working experience through functional doing it is very important for us that the companies we select for the internship take special care of communication problems that could take place during the internship because of German being a foreign language for the intern.

Thanks to our tradition as an international trading, meeting and tourism town, our partner companies and employees are all used to be in contact with foreign costumers and guests, for that reason internships organized by us were to the satisfaction of all participants.

The students will be placed in the job outline which match their training or interests in the following areas:

- ✓ Public and private administration
- ✓ Education company & social facilities
- ✓ Agriculture & gardening
- ✓ Hotel industry & gastronomy
- ✓ Electronic & locksmith
- ✓ Printing & graphic
- ✓ Mechatronics

German language training & internship

Mentoring

On the first internship day the students can be accompanied to their company by a member of the Dialoge staff. In the course of this appointment all organisational and didactical aspects like working time, eating possibilities, working clothes and the tasks to be carried out will be talked through again.

By request Dialoge contacts the companies periodically via phone to get relevant feedback according the internship process. Furthermore Dialoge can offer feedback meetings in regular intervals as well as final evaluation meetings.

Accommodation

The accommodation can be in a host family or by request in the youth hostel.

Reference

On request we would be happy to send you a list with already conducted internships.

Dialoge offers:

- Internship placement in companies which are conform with the training or individual interests
 - Monitoring & Evaluation
- Language preparation or parallel working (morning german lessons, afternoon internship)
- Individually designed leisure program

We are happy to find individual solutions for special requests & wishes regarding learning & working in Germany.

Don't hesitate to contact us via E-Mail or phone.
