Depending on the course and number of participants.

Prices and further information on request.

How it works

Germany is one of the most economically powerful countries in the world and is therefore a popular destination for expats and immigrants. In order to find one's way in everyday life and the professional world, learning the local language plays a significant role.

The course focus of the German lessons can be freely defined by the company, e.g. business, technology, production,... Our teachers are also able to take participants' wishes and new focuses account during the course.

Prices include

- Course material or textbook
- Industry specific focus can be selected
- Guaranteed postponement for cancellations made up to 24 hours prior to lessons
- Free Wifi at school, drinking bottle & snack bar
