How it works

After a zoom interview, which is conducted by our most experienced teachers, the learning needs and cultural interests of the participant are ascertained and an individual study program will be designed. This guarantees learning at the highest level – challenging but also enriching and a highlight that will be remembered for a long time.

In addition to intensive and tailor-made private lessons, our participants enjoy their accommodation in a particularly communicative VIP host family or in a 3-star hotel on Lindau Island.

During the language course, the participant has free access to coffee and tea and the lunch is served in a first-class restaurant at Lindau harbor.

An individually composed cultural program rounds off an exciting and relaxing stay at our language school.

To present a confident appearance in a professional environment – our rhetoric training will help participants develop into a professional speaker with the use of special speaking and breathing exercises proofed by actors and professional speakers bit by bit.
