About the course

After an entry-level test, the participants will be grouped in suitable classes (level A0 – B2) with an average size of 8 students. The course takes place from Monday to Friday morning and on two afternoons per week.

Besides the basic skills reading, listening, writing and speaking the lessons also include grammar and vocabulary for a better student speech comprehension by playful learning. That way German as a foreign language will be much easier for children and teenagers after the return to their regular school in their home country.

A diversified leisure program completes the course program. Students will enjoy a mixture out of sporty, cultural, creative and social activities. Special highlights are some half-day or full-day trips into the near and broader surroundings.

In the international mixed environment they often create memories and form friendships that last for decades.
